BIO – DR. STEVEN LAMBERT, ThD, DMin

Dr. Steven Lambert is an apostolic-prophetic ordained minister who has functioned for more than four decades of ministry as a Bible scholar, church historian, pastor, teacher, revivalist, evangelist, counselor, singer and musician, broadcaster, publisher, editor, and author/writer — all with a prophetic edge and anointing present in those functions. The Lord has gifted him with a unique anointing for “times of refreshing” that come from the “presence of the Lord” ([Acts 3:19](#)), in which there is a Spirit-charged atmosphere that produces healings, miracles, prophetic exhortation, and “prophetic evangelism” drawing believers and unbelievers alike into a closer intimacy with the Lord.

He is the producer and host of ***The Real Truth Radio Program***, previously airing for more than twenty years on various Christian radio stations across America, which has now been replaced by ***The Real Truth Podcast & Radio Program***, which is available at: <https://www.realtruthradio.com>.

He also serves as the founding overseer of [Ephesians Four Network of Churches & Ministers](#), a fellowship of Fivefold Ministers relating and co-laboring for common purposes and accomplishment of the end-time purposes and plans of God for the Church Jesus is building.

Dr. Lambert has authored numerous books, booklets, courses, and other teaching materials, published via [Real Truth Publications](#), a full-service publishing house which he founded and oversees, and is the contributing founding editor/publisher of [Spirit Life Magazine](#), including the one on this site. One of the books for which he has become well-known is, [Charismatic Captivation](#), which exposes and ministers to victims of the prevalent problem of authoritarian abuse and psychological enslavement in Neo-Pentecostal churches. He has also authored books, articles, and a college-level curriculum course regarding [the restoration of the prophetic gifts and office](#), a topic on which he taught extensively during the 1980s and 90s in many prophetic seminars predicated on this vital topic. Dr. Lambert also mentors other prophets-in-training and is a recognized “father” to younger prophets as well as a trusted prophetic advisor and consultant to other apostolic-prophetic leaders, ministries, and churches.

Not long after he was baptized in the Holy Spirit, a special, unusual, and powerful prophetic deliverance anointing began manifesting in his life, which ultimately led to the establishment of a deliverance counseling ministry operated from the website, [DeliveranceNow.Com](#). Dr. Lambert is a Certified Doctoral Diplomate Christian Therapist/Counselor. The [Ephesians Four Network of Deliverance Counselors](#) was founded by Dr. Lambert in response to the many requests for connection by other deliverance ministers/counselors as a source of fellowship and [credentialing](#).

Born in the prophetic year of 1948, the year of Israel’s long-prophesied rebirth as a nation, Brother Lambert is part of [“this generation”](#) — the generation whose birth coincided with the rebirth of Israel as a nation (the fig tree) — [“shall not pass away”](#) until all the end-times events He prophesied were fulfilled ([Mat. 24:34](#)). Three years after completion of a four-year term of service in the United States Army, Sergeant Lambert, became Brother Lambert, being Born Again and Baptized in the Holy Spirit at the age of 28 in 1976, America’s Bicentennial Year. 2016 marked Dr. Lambert’s fortieth year of ministry.

Though his salvation/regeneration experience did not take place until the age of 28, from his earliest childhood memories Brother Lambert has been keenly aware of the presence of the Lord in and the hand of the Lord on his life, demonstrated as it was in numerous unusual personal encounters with the Presence and Power of the Lord Jesus. It wasn't until that day in January 1976 when he surrendered his heart and life to the Lord, however, that all those supernatural experiences began to make sense to him. The supernatural and prophetic have been a constant in Steven Lambert's life ever since. Friends, family, and followers of his ministry have been first-hand witnesses of the supernatural power of God manifest in his life, not only in meetings but mundane life as well.

Literally within minutes of saying "Amen" to the Sinner's Prayer of Salvation, miracles began to occur through him in the form of his mother's healing of a mysterious condition that had left her paralyzed and bedridden for several months for which a battery of medical doctors had no explanation and offered no hope of recovery. That miracle, along with numerous events following it, had a strong influence on his father's and mother's and siblings subsequent turning to the Lord.

In 1976, Brother Lambert was led by the Lord to carry a prophetic message to renowned musical extraordinaire [Thurlow Spurr](#), who at the time was the music director at the church he attended, which result in the launching and development of a well-known and highly-acclaimed music ministry, *Festival of Praise*, whose original aim was to familiarize congregations of all denominations and streams with the purposes and power of the new emphasis of praise and worship that was central to what would come to be identified as the "Charismatic Movement." The outreach of *Festival of Praise* spanned the 1970s, 80s, and 90s, performing thousands of venues in numerous nations of the world, had a significant impact upon the music ministry and congregational worship of thousands of churches across the United States and the world, and launched or enhanced the careers of a number of gospel singers, musicians, performers, and groups, including Larnelle Harris, Karen Harris Wheaton (Towe), Bruce Hughes, Marvin Matthews, the Spurrllows, the PTL Singers, and others.

Upon being powerfully baptized in the Holy Spirit and Fire a few months after he was saved, the manifestation gifts of the Spirit began to be overtly and inordinately manifest in his life. More than twenty people he prayed for in the ensuing few weeks were instantaneously healed of various maladies and conditions, including several who were terminal. For nearly a year thereafter he volunteered to visit and pray for those submitted to the "sick list" at the church he was attending for several hours five days a week, resulting in scores and scores of miraculous healings and recoveries from serious and in some cases fatal conditions. Over more than three decades since that first year, right up to the recent, the Lord has from time to time directed Prophet Lambert to go to hospital ICUs to pray for people who were at death's door and not expected to make it through the night, whom the Lord snatched out of the grip of death through the Omnipotent Power of His Presence manifest through the fervent and effectual praying and prophesying of a merely obedient servant of God.###
